WHY CHOOSE A SOLUTION FROM ZMT?

Rest assured you're making the correct decision

ZMT Solutions is not a software vendor but a solutions provider and uses software as just another tool in the tool bag

ZMT SOLUTIONS
FACILITIES & ASSET MANAGEMENT

BEST SOLUTION, BEST VALUE

Why Choose ZMT Solutions?
We'll Give You Our Top 10 Reasons

BEST PRODUCT

1 **EASE-OF-USE** Our solutions and software is built with a user friendly, intuitive interface that makes facilities and maintenance management simple.

2 **MULTIPLE DEPLOYMENT OPTIONS** Our solutions can be purchased as a hosted cloud (SaaS) solution, or on-premise as a customer-hosted solution. Choose what works best for your organization.

3 **EASY INTEGRATIONS** We offer a simple and highly secure web API that provides seamless integration to many third-party systems.

4 **MULTI-LANGUAGE CAPABILITY** Our CMMS is ideal for organizations with international operations or multi-lingual maintenance staffs.

5 **BARCODING** We offer mobile device-native barcoding that saves technicians time. Check-out parts for a work order, perform quick counts, and receive items into inventory with ease.

BEST VALUE

6 **AFFORDABLE** Our solution has been proven to help facilities realize significant at an affordable price.

7 **QUICK TIME TO VALUE** Our experts use a proven, consultative approach that includes a six-phase implementation process, resulting in successful program launch that meets stakeholder objectives.

8 **DATA SECURITY** We use a highly reliable, multi-faceted security platform to ensure all data is protected. Additionally, field level security at the user level controls access to maintenance records, based on permissions granted by administrators.

9 **SCALABILITY** We offer a solution that's ideal for managers and technicians alike and allows for growth within any small organization or multi-site facility.

10 **HIGHLY CUSTOMISABLE** Our solutions is continually upgraded with brand new features and heightened functionality as per the market needs.
